Details of the module(s) to be studied

Module number and title:

Module start date(s):

Reasons why a bursary is required

We do not ask for a full disclosure of personal circumstances, nor do we insist on documentary evidence for every statement made. We believe in working on trust, respecting the dignity of our students. However, it will help us give an application proper consideration if you can give us enough information to make a fair judgement. Please continue on the back of this form and use more paper if necessary. If you send us any supporting documents, we will return them to you as soon as we have considered the application. Anything which you tell us will be treated in strict confidence and no record of it will be kept once our decision on the award of a bursary has been made.

Reasons why a bursary is required continued from page 1

Additional or alternative sources of support

Please let us know which other sources for financial support with your studies you have explored or are exploring (award of a bursary is not conditional on receiving additional support, but we normally expect students to have made an effort to explore other sources)

Signed.....Date.....

*Please send this form **along with a letter of support** to*

*The Administrator
St Albans Centre for Christian Studies
